2. Preliminary Budget Presentation Review

Discussion ensued regarding the December 18, 2023 joint Select Board/Finance Committee meeting and comments that were made at that meeting regarding the town's FY25 level-services budget.

Esha Gangolli suggested FinCom be provided a list of priorities from town and schools of what should be on the cutting list.

Christi Andersen drafted questions in hopes of best understanding the broader picture. What are the basic budget drivers. These questions were reviewed by the Committee, comments were made. Christi encouraged others to add to her list. John Mangiaratti requested a January 1, 2024 deadline for all questions to be submitted. Christi will also talk with the Town Manager about these questions, requesting a meeting to address the Finance Committee's questions.

January 10th (Wednesday) and 11th (Thursday), 2024 for FY25 Budget presentations with Departments. There will not be a January 9, 2024 Finance Committee meeting.

3. ALG

Received useful feedback, majority was not in agreement with the Finance Committee's recommended amounts of \$4m first year for the override.
