### Welcoming New Businesses to Acton

We welcomed Acton Cycles Bike and Ski Shop (340 Great Road), Luna Mexican Cuisine (20 Nagog Park) and celebrated the transfer of ownership at As You Like It Hair Salon (452 Great Road). These businesses each add diversity and vibrance to the community and help strengthen our local economy. ### Acton 250 Celebration

On Friday, April 18th, I was honored to attend a portion of the Acton Minutemen's march and commemoration of the 250th anniversary of the Revolutionary War. Members of the Acton Minutemen marched from Hayward Road to the North Bridge in Concord, stopping at locations within Acton along the way to honor historical places and rededicate monuments and memorials. One stop was at the Isaac Davis Monument outside Town Hall. Members of the Isaac Davis and Simon Willard families were in attendance and have made significant contributions to the Town to help honor the historical event. I would like to thank the Acton 250 Committee for their tireless efforts the past few years. The Acton Minutemen continue to work to ensure the vital role Acton played in the revolution are not forgotten. Please join me in thanking them for continuing to keep alive the story of Acton's role in history.

**SPRING PAVING**

The following roads are scheduled to be paved this spring:

- Sudbury Road
- Westside Drive
- Washington Drive (Coolidge Dr. to End)
- Washington Drive (Jackson Dr. to Wilson Ln.)
- Madison Lane
- Wilson Lane

Residents will be notified via message boards and a posting on the Town of Acton website when a start date has been determined. Please note, the duration and schedule can change depending on weather or other conditions that may arise. We appreciate your cooperation and patience during this time.

**SPRING REPAIRS**

Sometimes the grass strips and curbs along the roads are damaged while plowing. The Highway Division works to repair these areas as soon as possible after the snow has melted and the ground has thawed; however other work that involves the safety of the public takes priority. It may take until mid-summer to repair these areas. The repair of grass surfaces generally consists of raking out the ruts and seeding with a standard highway grass seed. If your landscaping needs are such that this is unacceptable, you may choose to repair these areas on your own earlier in the spring.

**STREET SWEEPING**

Part of the Highway Division's maintenance program involves cleaning the road surfaces and drains. The road surfaces and sidewalks are cleaned with mechanical sweepers during the spring months. The highly visible areas are cleaned first, such as the town centers and the Isaac Davis Trail. Most roads are swept once during this period.

Residents are reminded to NOT put lawn waste, trash, tree limbs, etc. in the roadway during the sweeping process as it may damage the machinery. The operator will not remove such material, leaving an unsightly mess for you and your neighbors

The Department of Public Works would like to thank the residents for their continued cooperation during the winter months. It can be a challenging time for all.

**SWAP SHOP**

Volunteers are needed at the Swap Shop! The Swap Shop is located at the Transfer Station & Recycling Facility and is generally open May – October. The Swap Shop allows users at the facility to give away or adopt gently used items. If you are interested in volunteering, please contact Debby Andell at [debbyandell@gmail.com](mailto:debbyandell@gmail.com).
