

Town of Acton | Stow Street

COMPLETE STREETS PLANNING STUDY

Public Information Meeting:

Wednesday November 12, 2025 at 6:00 P.M.

Room 204, Acton Town Hall, 472 Main St, Acton, MA

The Town of Acton has engaged a traffic engineering consulting firm to study feasible Complete Streets accommodations for the Stow Street corridor from the Stow town line to the Martin Street/ Stow Street/ Liberty Street intersection, including the Jones Field Playground.

The purpose of this meeting is to gather public feedback on travel conditions for drivers, cyclists, and pedestrians through the corridor. All feedback and input regarding the public's experience living and working along the corridor will be recorded and used to inform the design concepts. Engineers will be available to answer questions.

Stay Engaged:

Questions can be emailed to: Engineering@acton-ma.gov
